BAHEP Welcomes ASRC Federal to Bay Area Houston Region

BAY AREA HOUSTON, TEXAS – We are pleased to announce that ASRC Federal has become a member of the Bay Area Houston Economic Partnership.

ASRC Federal comprises a family of companies that deliver software and application development, advanced analytics, digital operations and IT modernization, engineering solutions, professional services, and facilities and base operations to U.S. civil, defense and intelligence agencies. From enabling human spaceflight, to satellite operations, to securing space assets for national security, ASRC Federal partners with federal customers to deliver the tools, technologies and talent to help agencies achieve successful mission outcomes.

BAHEP President Bob Mitchell stated, “ASRC Federal’s expertise provides mission critical services to a number of our nation’s important agencies. We are very pleased to welcome ASRC Federal to our organization.”

Jennifer Felix, ASRC Federal President and CEO added, “ASRC Federal is delighted to join BAHEP as we look to integrate our operations into the Houston community, and bring our depth and breadth of capabilities in support of NASA Johnson Space Center missions. I’m confident that our Houston-based team, led by Jeannie Kranz, will make a positive impact both in the community and at JSC.”

Jeannie Kranz, who is well-known to many in the Bay Area Houston region, will represent ASRC Federal within BAHEP. “As a Houston resident and space advocate, BAHEP’s mission is near and

dear to my heart,” said Kranz. “Having joined ASRC Federal in 2019, the mission focus of the company, our people-first culture, and our extensive space flight mission-relevant capabilities and offerings provide a unique combination that deeply resonates with me and I am confident will resonate with the broader Houston community.”

ASRC Federal is headquartered just outside of Washington, DC, with offices in Cocoa Beach, FL, Colorado Springs, CO, Huntsville, AL, and Reston, VA, among others. For additional information, email Kranz at JKranz@asrcfederal.com, call 301.837.9053, or visit www.asrcfederal.com.
