Texas delegation learns valuable lessons on storm protection during Netherlands fact-finding trip

In mid-September, a delegation of 29 Texans led by Texas A&M Uni-
versity at Galveston, the host university for the trip, visited the major
storm protection technologies in northwest Europe. The delegation
was led by Dr. William “Bill” Ballard, professor and director of
the Texas A&M Galveston Institute for Space and
Sustainability. The trip, sponsored by the Bay Area
Houston Economic Partnership (BAHEP), included
representatives from multiple industries and
government agencies in the Houston area to
learn from some of the world’s most advanced
countries in responding to and recovering from
major storms.

The delegation included representatives
from the Port of Houston, CYFOR Technologies,
the University of Texas at San Antonio,
Interfaith Caring Ministries, and the Greater
Houston Partnership. The trip was organized
by BAHEP in collaboration with the University
at Galveston.
