## Newest BAHEP member offers experienced 'green thumb'

**BAY AREA HOUSTON, TEXAS** – Payne's Plants Inc. is a full-service, professional, interior plantscape company, which has been servicing the Houston region for 37 years providing plant rentals. BAHEP President Bob Mitchell stated, "We in Bay Area Houston are proud of our quality of life, and interior plants definitely make our homes and offices more attractive and healthier. Payne's Plants has an excellent reputation, and we welcome their membership."

Payne's Plants provides interior plants for office buildings, restaurants, hotels and private residences. The company's president, Marie Payne, explained, "Our plant rental and maintenance programs are customized for each location. We provide short-term rentals for business conferences and weddings, as well. We're excited about joining BAHEP. It's such a dynamic organization, and we look forward to becoming active participants."
