## Peace of Mind (POM) Group joins BAHEP

**BAY AREA HOUSTON, TEXAS** – In an ideal world, homes, schools and businesses would be free from casualty and crime. Unfortunately, that is far from the truth, and the places where people live, learn and work will never be immune from the elements of ill intent, and the individuals who plan to commit crimes against persons and property. The Peace of Mind (POM) Group helps clients create and maintain safe, secure, and orderly environments. The POM Group has recently joined the Bay Area Houston Economic Partnership.

BAHEP President Bob Mitchell stated, “As we have seen all too often, the world can be a very volatile place. POM Group has decades of experience in the sustainable implementation of safe, secure and orderly environments. We welcome them and their vast expertise to our organization.”

R.J. Boatman is vice president of the POM Group, and will represent the company within BAHEP. He stated, “Realistically, we at the POM Group fully understand that we will not be able to prevent each and every incident; however, through constant and consistent planning and preparation, we can competently create a more safe, secure, and orderly environment that is less conducive for failure and much more conducive for success. I look forward to working with BAHEP and its members, to create a safe and secure environment for those of us who live and work in the region.”

The POM Group has a team of 35 on its full-time staff and works with over 800 contract consultants. The company’s services are comprehensive and include: project management /

project administration; security consulting; security technology; security guarding; crisis management planning; emergency management training; emergency management response; crisis mitigation; crisis recovery; disaster recovery; emergency transportation; guarded transportation; charter transportation (buses, vans, limos); comprehensive background checks; visitor/vendor screening; security assessments; safety assessments; security training; and safety training.

The POM Group is certified as a Texas Historically Underutilized Business (HUB). It is located at 1322 Space Park, Suite C285, Nassau Bay, Texas 77058. For additional information, call 281.816.6200 or visit [www.POMGroup.org](http://www.POMGroup.org).
