SHI Government Solutions joins BAHEP

BAY AREA HOUSTON, TEXAS – Founded in 1999 and headquartered in Austin, Texas, SHI Government Solutions (SHI GS) is a certified state of Texas HUB providing technology products and services. The Bay Area Houston Economic Partnership has welcomed SHI GS as its first member of 2017.

BAHEP President Bob Mitchell stated, “The world of IT changes in some form or another every single day. SHI Government Solutions provides valuable services that keep companies current and protected as much as possible. We’re glad to have them as part of our BAHEP team of members.”

Account Executive Tara Hayes primarily represents SHI GS within BAHEP and will be joined by Tracey Bieser, Craig Bailey and Steve Tomich, as well. Hayes commented, “SHI’s goal is to foster long-term, mutually beneficial relationships with its customers and partners every day. BAHEP has been doing this for 40 years, and SHI’s membership offers an excellent opportunity for us to grow our base within Bay Area Houston.”

SHI GS delivers custom IT solutions to academic, government and public sector healthcare institutions for every aspect of the environment from software and hardware procurement to deployment, planning, configuration, data center optimization, mobility solutions and IT asset management. Its mission statement declares, “We are passionate about delivering exceptional value and experience as we help customers select, deploy and manage technology.”

For additional information, contact Hayes at 832.661.7910 or email tara_hayes@shi.com.
