## **Schaumburg & Polk, Inc. joins BAHEP**

**BAY AREA HOUSTON, TEXAS** – Schaumburg & Polk, Inc., (SPI) was founded in 1937 and has been providing uninterrupted engineering services since 1947. This Harris County company has recently joined the Bay Area Houston Economic Partnership.

BAHEP President Bob Mitchell stated, “Our region is experiencing tremendous growth. As an engineering firm, Schaumburg & Polk, Inc., offers those services required to meet the development needs of its governmental, institutional and commercial clients. They are an asset to the region as well as our organization.”

SPI Marketing Manager Leigh McKitrick represents the firm within BAHEP. She commented, “SPI operates on the fundamentals that professional service and client satisfaction are the keys to building a successful consulting organization. We believe that BAHEP adheres to the same principles, and we’re looking forward to our association.”

McKitrick added that SPI is dedicated to being responsive to client needs and to providing the skills, resources, and experience necessary to ensure the successful and cost-effective completion of each project saying, “Our dedicated staff provides specialized expertise and integrated services for the public and private sector for both large and small projects.”

SPI provides engineering services including, but not limited to: roadway planning design and construction administration; street and drainage improvements; facilities renovation and restoration; water production, treatment and distribution; municipal and industrial wastewater collection, conveyance and treatment; permitting and regulatory compliance and environmental assessment.

As a full-service engineering firm, SPI’s project services can include planning studies, project development, preliminary and final design, bidding, construction administration and construction representation services.

SPI's clients consist primarily of local government agencies, such as cities, counties, districts, etc., but can also include commercial / institutional entities with site development needs.

SPI is located at 11767 Katy Freeway, Suite 900, Houston, Texas 77079. Contact SPI at 281.920.0487, email [lmckitrick@spi-eng.com](mailto:lmckitrick@spi-eng.com) or visit [www.spi-eng.com](http://www.spi-eng.com).
