## **Vectrus Systems Corporation joins BAHEP**

**BAY AREA HOUSTON, TEXAS** – Vectrus Systems Corporation is a leading, global services company whose core capabilities are facility/logistics services and information technology/network communication services. The company is one of the newest members of the Bay Area Houston Economic Partnership.

“Vectrus Systems Corporation has worked with the Department of Defense for many years and its legacy includes NASA contracts supporting the Deep Space Network. The company’s areas of expertise fit well with our aerospace/aviation/military industries of the region,” stated Bob Mitchell, BAHEP president.

Vectrus’ Beth Fischer will represent the company within BAHEP in her role as business development manager. Ms. Fischer commented, “I’m very familiar with both B-level and C-level managers in the area. Many of them are members of BAHEP, as well, and I look forward to helping to grow the economy of the region together.”

Vectrus’ history dates back more than 70 years including former entities Excelis and ITT and has supported NASA and a multitude of DoD bases in the United States and around the world. Ms. Fischer stated, “Vectrus is differentiated by its operational excellence, superior program performance, a history of long-term customer relationships, and a strong commitment to our customers’ mission success. We are looking forward to growing our business within the Houston Bay Area and NASA.”

Vectrus is headquartered in Colorado Springs, Colo., and includes approximately 5,600 employees spanning 143 locations in 18 countries with \$1.2B in annual revenue. Ms. Fischer can be reached in the Houston branch office at 713.817.9388 or at [beth.fischer@vectrus.com](mailto:beth.fischer@vectrus.com). For more information about the company, visit [www.vectrus.com](http://www.vectrus.com).
