Bay Area Houston Economic Partnership (BAHEP) is a member-driven organization that provides leadership to stimulate regional economic development and employment in a range of industries such as aerospace engineering, biotechnology/bioscience, specialty chemicals and plastics, and information technology and communications. BAHEP partners with 270 member companies, 13 cities, Galveston County, Harris County and the Port of Houston Authority in southeast Texas to foster economic vitality through regional collaboration.

Commercial / Office / Industrial Development

Portagas has purchased a 38,000 SF facility at 1202 Beltway 8 in **Pasadena** for its new corporate office. The building has a large office area, clean room and manufacturing/warehouse area. Portagas is in the business of packaging calibration gases; its products are internationally marketed to an extensive list of customers including petrochemical plants and environmental companies. Plans are to bring 20 employees to the new location and then hire approximately 10 more in the first year. BAHEP worked this project with the City of Pasadena and broker Jim Stark / CBRE.

Kaneka Corporation is looking to expand its solar power manufacturing operations as well as ramping up Kaneka Nutrient's Ubiquinol manufacturing. Kaneka Texas has installed a solar power test panel at its **Pasadena** industrial district site. Once up and generating power, the company would like to test the waters for commercial interest in the U.S. The panels are currently made in Japan. Another aspect of expansion plans involves the manufacturing of Ubiquinol, the active antioxidant form of CoQ10. Kaneka Nutrients is the only U.S.-based CoQ10 manufacturing facility and produces using a proprietary yeast-fermentation process. For over 30 years, Kaneka has produced the highest-quality CoQ10 in the world, and with the introduction of Ubiquinol, it furthers its position as category leader and for future growth.

Chemetall, a new lithium manufacturing plant, has opened in the **Bayport Industrial District** on Bay Area Blvd. The company is investing \$1.5 million to upgrade and retrofit an existing facility. Its product, butyl-lithium, is primarily used for medical device applications. Also, the Belgium-based company, employing more than 2,700 worldwide, is a primary supplier of lithium and cesium compounds to the European Space Agency. This local operation has 10 employees.

Port Crossing Commerce Center on SH 146 in **La Porte** expects completion of a new 250,000 SF rail-served building in the 4th quarter, 2010.

Bay Oaks Business Park is under construction on Genoa-Red Bluff Road in **Pasadena** and will have sites ready for development in the next 30 days. It's just off Beltway 8 going east.

Site work will start on a new 45-acre office and business park on Beltway 8 (Sam Houston Parkway) in **Pasadena** within 60 days. Site is one mile south of SH 225.

A former plastics manufacturing facility in **Pasadena's** industrial district has become available for a new owner. The 150-acre property is located at 9802 Fairmont Parkway; it has 7,000 lineal feet of rail, 45,000 SF of buildings and extensive infrastructure. The site is accessed by Underwood Road and served by the Union Pacific railroad. The Bayport Industrial District is home to over 70 chemical and plastic manufacturing firms from around the globe. The district offers an extensive feedstock pipeline network and tax abatements and incentives for qualified new development and investment. [Former Plastics Manufacturing Facility on 150 AC](#)

A proposed master facilities plan was recently presented for UTMB's Victory Lakes property. Plans call for ambulatory care facilities, outpatient procedure and treatment centers, clinics, administration buildings, retail, parking garages and logistics support on the 60+ acre campus in **League City**. Check it out! [UTMB Victory Lakes Master Facility Plan](#) In May, the first building on the Victory Lakes campus will open -- the 110,000 SF Specialty Care Center.

NASA Update – BAHEP just returned from leading a 30-member delegation to Washington, D.C. where it met with the congressional delegations in the House and Senate science and appropriations committees. This delegation is part of BAHEP's ongoing comprehensive plan to counter the administration's proposed 2011 NASA budget which came out on February 1st. BAHEP feels that positive progress is occurring in its efforts to preserve NASA's human space exploration program. Visit [GoBoldlyNASA](#) to learn more and share it with your friends.

- Rolling Meadows is a new 124-unit apartment community planned in **Kemah** on FM 518 near Wal-Mart. It's affordable housing for active people 55+ -- high quality units

and monthly rents that are below the market rate. One and two bedroom units will be available; amenities include a swimming pool, computer center, perimeter fencing and controlled gate access.

Infrastructure News and Everything Else!

City News

- A reduction in fire insurance rates will soon be seen by businesses throughout **League City**. Recently, the city's fire insurance score was significantly lowered by the state's official rating system; the fire insurance rate is tied directly to the score.

Butler Longhorn Museum has opened at 1220 Coryell. Art, history and science exhibits relating to the Butler Longhorn cattle bloodline are featured.

East Side Regional Park will be developed on 28 acres of land donated to the city by Tuscan Lakes. The new \$16 million city park will have an Olympic-sized pool and plenty of hike and bike trails.

- **Clear Lake Shores** will seek voter approval for bonds needed to begin the Town Center project. The project encompasses the commercial district known as the Town Center along FM 2094/Marina Bay Drive from Watergate Marina to the Jarboe Bayou bridge. The City Council also recently approved the Town Center Zoning Overlay ordinance that allows mixed use development combining retail, office and residential in this area.
- **Friendswood** – City is receiving a \$2.3 million Community Development Block Grant to purchase and install generators that are critical to infrastructure.
- **Seabrook** – The city's new 21,000 SF, \$5.6 million library is underway at 2400 N. Meyer Road; the city contributed \$1.2 million and **Harris County**, the remainder.

Also, the city received approval and grants to rebuild Waterfront Road where all the fish markets and Pappadeaux's are located. And yes, Pappadeaux's will rebuild! Proposed for the Old Seabrook area on Meyer Road is an open-air village market for local artisans and a farmer's market.

- City of **Dickinson** is in the design phase for approximately 15 different public works projects and expects to be issuing bids in June for these projects. Once Round 2 of the Hurricane Ike CDBG funding opens, the city anticipates submitting another 17 - 20 public works projects. Over the next 24 months, the city will have approximately 37 public works projects in progress.

A fixed-route bus service will begin in the next couple of weeks – and it's free until the end of September.

The City of **Dickinson** and the **North Galveston County** Chamber of Commerce will host the First Annual Red, White & Bayou Crawfish and Texas Music Festival on Saturday, May 15, 2010, adjacent to the Dickinson City Hall and Library Complex just east of the intersection of FM 517 and SH 3. [www. redwhiteandbayou.com](http://www.redwhiteandbayou.com)

- City of **La Porte** is currently working to set into place additional business incentives, including tax abatements and 380 agreements, that will heavily favor retail and commercial office development while also reaching out to the warehousing, transportation and manufacturing industries that are already a strong part of its local

economy.

Construction has started on the Gateway project at SH 146 and Main Street. Two large pillars will welcome visitors to the city. The City owns the 5,000 SF restaurant property at that corner and will renovate it for an operator.

Sylvan Beach Park is, once again, a beach and now open! The city's new focal point, 48,000 SF Five Points Town Plaza at the intersection of Main and Broadway, is now open. A developer has proposed a mixed-use component such as retail on the bottom, condominiums on top and an office next door for the properties abutting the plaza.

The Sylvan Beach Festival is the last Saturday in April – April 24th.

- **Pasadena** – The city's former police station at 1114 Davis Street has a new \$1 million facelift and is now the Municipal Services Building. It is home to the housing, health and permits departments, Public Works, Planning Department, Community Development and the Neighborhood Network, city marshals, along with the code enforcement and environmental services departments.

The new service has been so popular that multiple stops have been added to the **Harris County** Transit circulator bus route that operates in Pasadena, South Houston, La Porte, Clear Lake, Seabrook, Baytown, Highlands and Crosby. Find the latest routes here: [Harris County Transit bus routes](#)

Education news

- The **University of Texas Medical Branch-Galveston** received \$5 million in federal funding for its Biocontainment Training Center. UTMB has set the standard for well-trained biocontainment scientists and engineers to work in safe, secure laboratory settings as they discover new tests, treatments and vaccines for emerging diseases. The research is critical to national defense preparedness against man-made and naturally occurring biological threats.
- Due to remarkable growth in enrollment, **San Jacinto College** will hire 63 full-time faculty in a wide range of disciplines for the 2010-2011 academic year. Learn more here: [Faculty Hiring - San Jacinto College](#)
- **CCISD's** Clear Falls High and Bayside Intermediate are scheduled to open this fall at Education Village on the League City Parkway (Hwy 96) near SH 146. - **San Jacinto College** received a \$465,589 grant from the U.S. Department of Labor to offer free training to those who qualify to become a certified manufacturing production technician (CPT). Training will consist of four skill modules: safety, quality control and continuous improvement, manufacturing process and production, and maintenance awareness. The training program will be held at the San Jacinto College South campus located at 13735 Beamer Road in Houston. [Read more at Guidry News](#)
- To address the need for skilled workers in the maritime and energy industries, **San Jacinto College**, through a \$400,000 federal appropriation, is developing enhanced training programs in technical education and dual credit programs with area high schools. Programs directed at the maritime industry would include deckhand, tanker man, able-bodied seaman, firefighting and pilot training. Training jobs in the energy sector include wind technicians, power plant operations, power generation technicians and solar technicians. Check with the main, south or north campus for class schedules. www.sanjac.edu

The college also offers petrochemical training programs for the expansion of incumbent worker training. Geared toward low income, unemployed incumbent workers and

Hispanic women, San Jacinto College will receive more than \$2 million to train workers in the petrochemical and energy industries; occupations would include system and refinery operators, instrumentation and automation technology.

Did you know that the 2009 total passenger count at Bush Intercontinental Airport rose by 68,900 to total almost 3.5 million? At Houston's Hobby Airport, the count was up 18,224 bringing the total count for that airport to 716,009 - reported by the *Houston Business Journal*.

Road News

--- Seabrook

- Funded by **Harris County** and the cities of **Seabrook** and **El Lago**, the Repsdorff Road extension and widening project might start this summer.
